Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement is accompanied by a fee of \$180.00 as specified by Section 1.17(p).

Each document listed in this Information Disclosure Statement was cited in an Office Action mailed February 22, 2005 by the Japanese Patent Office (JPO) in a counterpart foreign application, and this Information Disclosure Statement is being filed within thirty days of the mailing date of that communication. In accordance with 37 C.F.R. § 1.704(d), no negative patent term adjustment consequences will apply to this Information Disclosure Statement.

An Abstract of each of the three listed Japanese patent documents is attached.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Also attached is a copy of the aforementioned JPO Office Action which is being submitted as a courtesy to the Examiner. Although in Japanese, the second page thereof lists an additional Japanese patent document, namely, 2-71222. This document is not being submitted herewith because it was submitted previously in an Information Disclosure Statement filed December 19, 2003.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any additional fee due in connection with the filing of this Statement, please charge the additional fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
